

International Petroleum Week 2012 - NEW FRONTIERS, NEW FUTURE

IP Week are the three days of conferencing you cannot afford to miss. There is no better opportunity to hear from industry leaders, network with potential clients or meet service providers. With conferences focusing on finance, upstream and downstream, an exhibition and three key social functions, IP Week is the essential three days to understand the future of the oil and gas industry!

Booking for the IP Week exhibition is now open.

Confirmed speakers for IP Week 2012 include:
