

Oil and Gas Tanzania 2017

It is truly remarkable how East Africa, and specifically Tanzania has in a short period of time become the main focus of attention as a source of new global gas supply.

More than 100+ exhibitors spread out over a 5,000 square mts. of exhibition space, will be presented at the OIL & GAS AFRICA event.

Exhibition categories are:

- Drilling, Lifting & Well Completion
- Equipment
- Cranes and Winches
- Offshore Platforms
- Design, Floating & Refining Equipment
- Services
- Instrumentation & Control Technology
- Health Products, Safety & Environmental Products and Management
- Petrochemical Equipment and Services
