

NACS Insight Convenience Summit - Europe

Simply “Must Attend” for the Global Convenience Industry

In June, convenience and fuel retailing industry professionals from around the world will gather in Zurich and London for new knowledge, new commercial connections and networking, and the opportunity to discover and discuss new ideas for profits and growth. And, the event will feature the popular International Convenience Retail Awards—now in their ninth year, which recognize and promote convenience retailing excellence.

As a guide, the Zurich segment of the programme (11-13 June) will feature high level European retail thought leadership, strategy, trends and economics. Supplier hosted dinners and store visits connect our attendees and show them what is new in Zurich convenience retailing.

Our main conference days take place in Central London at the St. Pancras Renaissance Hotel (14-16 June). This is the main ‘must attend event’ for the European and international industry with retailer roundtables, international best practice presentations on key trends/developments in the global industry, retailer case studies and our famous awards night programme. Conference highlights in London include:

- International retailer roundtables – what are the key issues driving your business today and tomorrow?
- Comprehensive overview of strategic industry developments
- Best in class international retailer case studies and retail vision video content and much more
