

Petrol PLAZA

Dutch Retail Petrol & Carwash Exhibition 2017

The Dutch Petrol Retail Exhibition is the yearly event for the fuel retailing and car-wash industry in Benelux.

Workshops and presentations are aimed at the interests of entrepreneurs, gas station chains and many more. The workshops attendance is free of charge for everyone working in the fuel and car-wash industry. The exhibition is visited annually by hundreds of professionals from the petrol industry.

Visitors include:

- Independent gas station entrepreneurs, managers and employees
- Gas station enterprises
- Fuel companies
- Oil companies
- Carwash entrepreneurs
- Industry associations
- And more!

The National Gas Station Congress

The National Gas Station Congress will run in parallel with the exhibition. Organised by TankPro.nl in collaboration with industry leaders BETA BOVAG and NOVE, the event is targeted towards the gas station industry. The presentations during the congress will be held in Dutch. The National Gas Station Congress will take place on Tuesday, November 14th at Expo Houten.

Workshops

Throughout the day there will be various workshops and presentations held with an interest to entrepreneurs, gas station chains and car wash companies.

Topics include:

- Shop range, concepts and developments
- New payment trends, data and new technologies
- More efficiency
- Personnel matters
- Security solutions
- Technology and applications
- Car-wash industry
