

## 13th Integer Emissions Summit & AdBlue® Forum Europe 2017

**Integer's flagship conference, the Integer Emissions Summit & AdBlue® Forum Europe, returns for the 13th time in 2017.**

More than 300 senior executives from across European and international emissions control organizations will meet in Dresden to discuss the most challenging issues facing the industry, including:

- How commercial vehicle and engine manufacturers will further reduce CO2 emissions and improve fuel efficiency beyond Euro VI
- Euro 6c for light-duty vehicles and passenger cars – what will be the likely scenario for the European car industry when RDE regulation and WLTP procedures are adopted in September 2017?
- Which technologies will prove to be best-suited to meeting Stage V regulations for the non-road mobile machinery sector?
- What are the optimum strategies for meeting upcoming emissions legislation in the marine sector following European and IMO efforts to tighten emission standards
