

Certified Professional for Lubricant Technology (CPL)

Since January 2013 numerous training courses have already been conducted in German language and more than 350 professionals qualified for the certificate to demonstrate their acquired lubricants knowledge.

Due to the high demand we carried out a training course „Certified Professional for Lubricant Technology (CPL)“ in English language in 2016 and again in 2017, which is repeated in 2018.

The CPL training course is based on the very successful German training course and consists of the following modules and contents:

- Module 1: Crude Oil and Base Oil
- Module 2: Tribology and Additives for Lubricants
- Module 3: Metalworking Fluids
- Module 4: Automotive Lubricants
- Module 5: Industrial Lubricants
- Module 6: Lubricating Greases / Health, Safety and Environment
- Module 7: Repetition / Final examination

1st training week: 27 February - 1 March 2018

2nd training week: 5 - 8 June 2018
