

Petrol PLAZA

cippe - Annual World Petroleum & Petrochemical Event 2019

90,000sqm Exhibit Space

117,000 Professional Visitors

1,800 Exhibitors from 65 Countries and Regions

After 18 years' development, cippe has become a leading event in the petroleum industry.

Covering Whole Oil & Gas Industry Chain with 8 Major Categories

cippe2019 will majorly showcase 8 sectors: petroleum & petrochemical technology and equipment, shale gas technology and equipment, offshore oil & gas technology and equipment, ocean engineering equipment, natural gas technology and equipment, pipeline and storage technology and equipment, explosion-proof instruments and devices, and soil remediation of oilfield. In addition to 8 traditional sectors, cippe2019 will add more specific exhibit sectors such as smart field and communication equipment, institutions and research achievements, pump & valve, industrial fire control and security, new materials, oilfield environmental protection, etc.

Expected for 117,000 Person-time Professional Visitors

cippe2018 welcomed about 117,000 person-time professional visitors and 300 buyer delegations organized by government agencies, industry associations, national oil companies, etc.

Hundreds of Activities Will be Concurrently Held

During cippe2019, the 11th International Petroleum & Natural Gas Summit, 2019 International Petroleum and Petrochemical Technology Conference, cippe2019 Embassy (Oil & Gas) Promotion
