

## ExxonMobil gives perks to Uber partners at over 10,500 gas stations

**Uber partners can now enjoy discounts at Exxon and Mobil branded gas stations across the United States through Partner Fuel Card, reported the CSPnet.com.**

The Partner Fuel Card, powered by FleetCor and MasterCard and part of Uber's Momentum Partner Rewards program, gives a card user three cents off per gallon at more than 10,500 participating gas stations. An automatic 1.5% discount off fuel purchase is also included everywhere that MasterCard is accepted.

The initial launching of the card in Boston, Chicago, New York and Washington, D.C. has drawn positive results, according to Jan Crowe, director of retail fuels marketing ExxonMobil Fuels, Lubricants & Specialties Marketing Co.

"Uber partners have taken advantage of the savings and distributors who own and operate the stations have enjoyed increased traffic and sales at Exxon- and Mobil-branded stations," said Crowe.

Crowe added that Uber partners can also avail of a loyalty program called Plenti, which is offered at ExxonMobil and other establishments such as AT&T, Macy's, Nationwide, RiteAid, among others.

He also said that the Partner Fuel Card can also be used beyond fuel purchases.

"Exxon and Mobil-branded stations not only provide quality fuel, they also may offer convenience stores, car washes and other onsite services to meet partner needs," he said.
