

Istobal wins supply deal for important Nordic oil firm

Spanish car wash company Istobal has won the tender of oil firm OKQ8 for the supply of car wash equipment and Istobal's ecolabelled esens® chemicals.

The three-year contract makes Istobal Danmark the sole supplier of car wash solutions including rollovers, vacuum cleaners, mat cleaners, and Norway's SWAN ecolabelled esens® chemicals to one of the largest Nordic fuel companies, OKQ8.

OKQ8 has a European network of 4,400 service stations operating under OKQ8, F24, Tango, and Q8 brands.

The deal also consolidates Istobal's presence in Denmark, which is already the Group's third European export market.

Istobal, a Spanish leader in the design, manufacture and marketing of car wash and car care solutions for the automotive sector, exports to more than 75 countries and has ten subsidiaries and three manufacturing and final assembly plants in Spain, the US, and Brazil.
