

BTG - German Federal Association of gas stations and commercial carwash

The German Federal Association of gas stations and commercial carwash (Bundesverband Tankstellen und Gewerbliche Autowäsche Deutschland e.V. / BTG) has two main tasks:

It acts as a dedicated advocacy group for its members and offers them many opportunities for further education and know-how transfer. It organizes professional events and prepares industry publications.

In addition, the association provides the interested public with factual information on the topics of petrol stations / commercial car washes / vehicle reprocessing. It is an important and respectable contact for politics and business.
