

Mobility Plaza®

Virta

Virta is the forerunner in electric vehicle charging platform technologies. The company provides leading-edge private and public smart charging services for EV drivers and companies alike and connects all the key players in the EV ecosystem through its smart platform. Hundreds of B2B customers with over 50 EV charging brands are currently operating their EV charging services on Virta platform, making Virta one of the largest EV charging backend solution providers in Europe.

Utilising the latest industry technologies, such as Vehicle-to-Grid that are fully customizable and white-label, Virta is pushing the EV industry forward. The company has been awarded as the World's Best Energy Product Brand at the CHARGE Awards and with the Technology Innovation Award by Frost & Sullivan.

Virta is building a tomorrow where EV charging is hassle-free, readily available and a natural part of infrastructure.
