

Mobility Plaza®

CGH Group

The CGH Group is your specialist and the market leader in the production of multi-compartment double wall storage tanks up to 250m³ for petrol and industrial applications. For oil companies in Europe and Africa who quickly want to expand their retail network, the CGH Group adopted the image of a 'one-stop-shop'. This is done by delivering not only EN approved petrol tanks but also all the auxiliary underground equipment such as non-metallic (lpg) pipe systems, tank and dispenser sumps, street covers, etc.

Don't hesitate to contact us for any inquiries you may have!
