

## US Fuels Markets & Refining Strategy Conference 2019

ACI is pleased to announce the first edition of US Fuels Markets & Refining Strategy Conference. The event will bring together senior executives and experts from the refining industry, policy makers, consultants, technology innovators and leading market analysts to discuss the latest challenges and developments within the industry.

The two day event will give you an insight to the industry's latest regulations impacting on refining sustainability, US production capacities, crude oil markets, future forecasts on fuel demand, as well as export & trading activities. In depth insights into the MARPOL regulation & Corporate Average Fuel Economy (CAFE Standards), followed by the possible impact of Electric Vehicles will provide a solid background for the two days discussion on best solutions for refining industry in US.
