

European EV Charging Summit 2019

ACI's European EV Charging Summit will be taking place in London, UK, on 5th & 6th June 2019.

The conference will give updates on the drivers and trends of the quickly evolving EV industry. Over the two days, the event will bring together key industry stakeholders from the publishing industry: DNOs, OEMs, CPOs, Power Suppliers, financial stakeholders, manufacturers, mobility technology providers, governmental officials and regulators, to hear case-studies and discuss during interactive sessions & panel discussions.

Join us in London to exchange your point of view with your peers and engage in excellent networking opportunities.

Key Topics

- An Overview & Market Analysis of European EV Infrastructure
- European Policies & New Regulations to Support Development of EV
- Preparing your city for EV surge & Creating Infrastructure Proposal
- Adapting Business Models: Collaboration in EV Charging Infrastructure
