## Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC) 2019

The 35th edition of the Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC) will take place from 11 - 14 November 2019 in Abu Dhabi, UAE. Held under the patronage of H.H. Sheikh Khalifa Bin Zayed Al Nahyan, President of the United Arab Emirates and hosted by the Abu Dhabi National Oil Company (ADNOC), ADIPEC is one of the world's largest, most important and influential oil and gas events that brings together industry stakeholders and experts to share knowledge and exchange ideas on a brighter future for the energy sector.

Oil and natural gas demand continues to rise, and with global consumption increasing due to growth in population levels across fast-growing and emerging economies, the need for significant investment to meet the world's ever growing demand remains critical to future growth. The International Energy Agency (IEA) estimates that the world will consume 100.8 million barrels of oil per day this year, up from 98.8 million in 2017. Accordingly, global oil and gas production will continue to rise, underlining the need of product manufacturers, service companies and SME's to work with resource owners and operators on setting the agenda as well as advancing the need for integration in order to meet the ever increasing demand.

The oil and gas industry is more agile than ever before, with the industry adapting and evolving. Across the full value stream companies are embracing new opportunities, technologies and solutions that are changing the way the industry does business. ADIPEC 2019 will once again facilitate connections and knowledge sharing and continue to provide a platform for the oil and gas industry to define the new energy landscape.

The Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC) brings together the very companies, decision and policy makers that shape the future of oil and gas supply across 4 days of

focused business, dialogue and knowledge transfer that addresses today's energy challenges and define tomorrow's energy landscape. With more than 2,200 exhibiting companies, including 42 NOCs & IOCs, 29 international country pavilions and an international technical and strategic conference programme led by Energy Ministers and international CEO's, ADIPEC is the convening force behind tomorrow's oil and gas partnerships.

ADIPEC, the industry's global platform that convenes the oil and gas sectors brightest and most influential minds to connect, do business and initiate change that will proper decision-making and policy-making to drive transformational growth and innovation across the oil and gas value chain.

Providing intellectual thought leadership and capability, the ADIPEC strategic conference programme will help define forward looking business models and influence trans-formative strategies to steer growth across the industry, setting the agenda for the future of oil and gas amidst the fourth industrial revolution.
