

Integer Emissions Summit & AdBlue® Forum Europe 2019

Integer Emissions Summit & AdBlue® Forum Europe 2019 is coming to Munich on 25 -27 June. We are delighted to return to Germany to present our 15th European emissions conference.

Led by ever-evolving legislation, Europe's emissions industry has grown and developed beyond recognition over the last 15 years, and our conference has grown with it. The 2019 conference will delve deep into the heavy-duty, light-duty & passenger car and non-road mobile machinery sectors, as well as The Adblue market. We will explore what drives these markets, and the challenges and opportunities that shape them.

We regularly welcome over 300 attendees from government organizations, OEMs, policy-makers, technology companies and the AdBlue supply chain to discuss and debate the key issues affecting European emissions control markets. We hope you will join us for what promises to be another unmissable networking and knowledge sharing experience.

The early booking discount allows you to save a substantial €200 on your tickets. Register now to reserve your place with this discount.

Why attend?

Integer Emissions Summit & AdBlue Forum 2019 provides a vital learning and networking platform for emissions control senior executives and decision-makers from across Europe and beyond. The carefully curated program delivers content of an excellent standard, attracting high calibre delegates and producing networking opportunities that are second to none. Join us and benefit from:

- **Unmissable networking opportunities** – establish long-lasting relationships, build on

existing partnerships

- **Knowledge broadening** – learn from government representatives, market leaders and industry innovators about current and future legislation across key regions
- **Business development** – you'll be under the same roof as other senior executives, budget holders and decision makers that could hold the key to your next business deal
- **The chance to showcase your product/solution** – many attendees decide to sponsor, enabling them to demonstrate their products and truly optimize their presence. [Find out more about sponsorship here.](#)
