

NACS Convenience Summit Europe 2019

NACS have made some innovations to the model and this year there are two parts to the event, one in London and the other in Amsterdam.

The [NACS Convenience Summit Europe](#) is where the world gathers for two days to gain and share knowledge on global strategic industry issues, while taking a deep dive into how these core, retail-centric themes will impact our industry today and in the future. Join retail executives, thought leaders, marketing innovators, analysts and academics from across the region in a can't-miss event that will influence convenience retail operations in Europe and around the globe.

You'll discover what's working and what isn't in your market—uncovering best practices of today while helping to play a significant role in shaping the ideas that will ensure a brighter, more profitable tomorrow. You'll find the new ideas, products and solutions that are addressing the challenges and opportunities of today, tomorrow and 10-20 years into the future. No other convenience industry event brings together leaders in store operations, marketing innovations, retail designs, fuel delivery and other key retail areas in such an intimate and open setting.

Topics Include:

- Fueling
- Channel Competition
- Retailing Excellence
- The Future of Mobility
- Staffing/Labor
- Automation
- Next-Gen Payments
- Frictionless Retail

- Customer Experience
- IT/Technology
- Tobacco/Vape
- Big Data

Then, the 2019 [NACS Market Tours Europe](#) will take place from June 9 to 11 in Amsterdam, Netherlands. Previously a part of NACS Convenience Summit Europe, the reimagined NACS Market Tours Europe provides first-hand insight into retail operations and solutions.

Venue

Hilton London Bankside hotel
2-8 Great Suffolk Street, SE1 0UG

 June 5, 2019 - June 7, 2019
