

4th World Gas & LNG Conference-Exhibition Russia 2019

Following past 3 years' success of our Gas Russia, it had been held successfully, we have attracted over 450 participants from 18 countries and well received from gas industry peers.

We're exhilarated to share with you that **4th World Gas & LNG Conference-Exhibition Russia 2019** will come back on **Oct. 29-30, Moscow, Russia.**

Russia will play a very important role in global LNG market. Besides the 2 operational LNG Sakhalin II and Yamal LNG projects, Russia also has several other planned or proposed LNG projects both in large scale, and small- and mid-scale. And the following are among the most important LNG projects to watch in 2019: Yamal LNG, Sakhalin II Expansion, Arctic LNG-2, Baltic LNG, and Far East LNG.

The 4th World Gas & LNG Conference-Exhibition Russia 2019 aims to bring together all the stakeholders in Russian gas and LNG industry to explore the opportunities and challenges in the market. Governments, regulatory authorities, operators, owners/investors, R&Ds, associations, EPCs, technology vendors, professional service providers and other related organizations will share valuable insights into Russian gas and LNG industry with topics developed around global new trends, Russian landscape, infrastructure, financing and investment, LNG and pipeline project updates, project management, supply chain and advanced technologies. Meanwhile, for those who are keen to find new investment opportunities or strengthen their presence in this market, our two-day event will also provide a cozy platform to meet your future partners.
