

Retail's Best Forecourt & Convenience Partners - postponed

Retail's Best is a unique series of business networking events. It brings together hundreds of top operators and decision makers in motor fuel and convenience retailing, representing over 3,500 sites between them, to tackle issues that are relevant to our industry today, including crime, sustainability and food theatre. The common goal is to ensure our forecourts and convenience stores remain vibrant and commercially viable for the future!

Our partners for 2022 are:

- Esso - exclusive motor fuel partner
- Co-op - exclusive retail partner
- TSG - exclusive EPoS partner
- ReThink - exclusive health & wellbeing partner

Retail's Best was founded by retail entrepreneur Moiz Vas in 2014. It takes place in the evening, away from the day-to-day business, and includes exclusive breakout-sessions, a networking drinks reception, exquisite dining experience, spectacular entertainment and a relaxed 'smart exhibition'.

If you are a progressive retailer or petrol dealer interested in growing your business and would like to register your interest to attend, please contact us.
