

SPT Temadag

SPT's Theme Day in collaboration with SPBI on November 6 on water conservation areas and future fuels What is it what really matters? What comes next? The SPT Association and SPBI invite you to an interesting day with information and news about cisterns, loose tanks and pipelines in water protection areas and outside water protection areas as well as the future fuels and the challenges surrounding them.

This time, we have succeeded in getting all the regulatory authorities in the area of water conservation areas: the Swedish Environmental Protection Agency, the Marine and Water Authority, MSB and Swedac.

There will also be information from the Swedish Transport Agency on the control of gas return stage II, etc., Volvo Cars will be there to tell you about their future prospects and the London Fire Brigade is in place and will talk about new fuels and their challenges. In addition, you will be able to speak to the members of SPT Association, SPBI, etc.

During the day, there will be several panel discussions to exchange opinions and to ask questions.

Venue

Clarion Hotel Arlanda Airport
Tornvägen 2
