

Future Energy Asia 2020

In its next edition held in Bangkok from 12-14 February 2020, Future Energy Asia Exhibition & Conference (FEA 2020) will present a hybrid business platform that brings together the region's most influential energy players across the complete energy value chain in one unique meeting place. Endorsed by the Ministry of Energy of Thailand, FEA 2020 looks to set the stage for NOCs and IOCs; power producers and utility companies; clean-tech providers; service companies and engineering contractors to foster a secure, affordable and low-carbon energy mix across Asia.
