

Modern Petrol Station: Fuel Retail 2020

The XVII International Conference-Fair “Modern Petrol Station: Fuel Retail 2020” is one of the main events of the fuel retail market in the CIS countries. For 16 years it has been a platform uniting market participants, a platform for heated discussions, statements of the officials, for experience exchange and establishing useful contacts. Over the years, our events have welcomed more than 4 950 delegates from 36 countries.

The owners of gas stations, top managers of large oil companies, equipment suppliers and technologies providers, including the companies representing solutions for the related business, will attend the Conference.

Taking into account the specifics of the market nowadays, an emphasis in the program of the Conference will be made on new solutions for attracting and retaining customers, developing related business and innovations in the fuel retail.
