

2021 Nordic EV Summit

The 2021 Nordic EV Summit will return to the EV capital Oslo. The conference will take place at Clarion Hotel the Hub, right next to Oslo Central station.

The need for action in order to reduce the climate crisis is urgent. Electrification of the transport sector with renewables will reduce the globe's Co2 emissions considerable. How do we get policymakers, business and consumers to speed up the transition for the world to enter the electric era?
