

2020 PEI Virtual Convention & Expo

By order of the Las Vegas Convention and Visitors Authority, the 2020 PEI Convention at the NACS Show, originally scheduled for Oct. 11-14 in Las Vegas, has been cancelled. While this was disappointing news - after all, the PEI Convention is the event of the year in the petroleum equipment industry! - we are happy to announce the first-ever PEI Virtual Convention, to be held in the safety and comfort of your home or office on November 10-11.

The 2020 PEI Virtual Convention is being designed specifically to meet the needs of PEI members around the world. What can you expect? No masks required! And tons of interaction.

- Approximately four hours of live programming and activities.
- Engagement with live chat, networking lounges, Q&A's.
- PEI Women, Young Executives and 10-Groups networking breakouts.
- The latest innovations and offerings at the PEI Priority Club and Sponsors Showcase.
- Education from the PEI Convention. Gain actionable ideas, download content and dialogue with presenters during sessions such as:
 - Riding the Wave of Disruption in the Fuels & Convenience Industry, Brian Gray, managing director and North American retail fuels and convenience lead for Accenture.
 - Economic Foresight in the COVID-19 Era, Alan Beaulieu, CEO of ITR Economics.
 - State of the Industry, Rick Long, PEI executive vice president and general counsel.
 - Regulatory Update, EPA Office of Underground Storage Tanks.
- PEI Membership Meeting. PEI President Bill Mascott will reflect on this year. We also will elect PEI officers and install new directors.

Note: Key presentations also will be viewable on demand at your convenience.
