## Retail's Best Forecourt & Convenience Partners 2024

**2024 marks the 10th anniversary of Retail's Best.**

Described as 'the networking event of the year for roadside retail, food to go and tech for retail', Retail's Best Forecourt & Convenience Partners is a unique event, designed 'by retailers, for retailers'. It brings together the decision makers from a host of the top independent forecourt operators and convenience retailers to network, share ideas and tackle the hot industry topics in a relaxed and non-competitive environment.

**The key partners for the 16 May 2024 event are:**

- Essar Oil – motor fuel partner
- Co-op with Nisa – retail partner
- Wild Bean Café – food for now partner
- TSG – renewable energy partner

Retail's Best takes place in the evening. It includes breakout-sessions, a drinks reception, signature dining experience and a 'smart exhibition', with plenty of time for networking. Retail's Best creates the perfect environment to enable effortless networking opportunities, build new connections, spend quality time with decision makers, share business inspiration and grow businesses.

If you are a progressive retailer or petrol dealer interested in growing your business and would like to register your interest to attend, [register here](#).
