

## ReFuel Forum Africa 2024

Leading national oil companies and emerging fuel retail groups from across the African Continent will converge South Africa for the 2024 edition of ReFuelForum Africa.

The fuel retailers will be joined by a range of the best international suppliers, covering all areas of the service station, from car wash equipment to the latest retail technologies. The time-saving format brings all the key industry figures together for two days to network, share ideas and discover new products and new ways of doing business.

### What to expect

Access to the most innovative fuel retailers and suppliers in the region, showcasing some of the industry's most innovative products and services.

Hear from thought leaders and best in class practitioners.

Tailor your own program of one-to-one meetings, to ensure that the people sitting opposite you tick all the boxes on your list of business aspirations.

Our content will encourage constructive dialogue – with presentations that address the most current and pressing issues; their complexities and solutions.

Cut to the chase – our invitation-only policy means you'll only meet with the decision makers.

Network with your peers during first-class, interactive social events, designed to develop and strengthen relationships in our hand-picked, luxury locations.
