

Budapest LNG Summit

The fifth edition of the Budapest LNG Summit, the leading gas and LNG conference in Central Eastern Europe will take place this year on 9 April 2024 in Budapest, Hungary. The Budapest LNG Summit is focusing on the up-and-coming LNG region of Central & Eastern Europe, connecting regional demand with the international supply chain. The conference is a well-established meeting point for major stakeholders of the regional and global LNG and gas market, who come together every year to discuss the key LNG-related developments in the region and beyond.
