Petroleum Ukraine 2024

On June 18, 2024, the Consulting group "A-95" will hold the international forum Petroleum Ukraine.Warsaw 2024 - the central meeting place for European companies with a presence in the Ukrainian fuel market.

The central topics of discussion at the conference will include strengthening the channels for supplying petroleum products to Ukraine, prospects for fuel imports after the cessation of Russian oil supplies to Europe and changes in the Polish LPG market following the ban on LPG imports from Russia at the end of 2024.

The first international conference, Petroleum Ukraine, took place in Warsaw in June 2022 and was named Fuel for Ukraine. In 2023, the forum gathered 230 delegates from 21 countries in Europe, Asia, and America. Representatives from companies such as OMV, Shell, Vitol, Marathon Petroleum, Unimot, PKN Orlen, Pern, Bulmarket, Element Alpha, Hellenic Petroleum, Slovnaft, Euronova Energies, Gaspol, Eco Fuel Trading, and others participated. The Ukrainian market was traditionally represented by all major trading companies, including "Ukrnafta," OKKO, WOG, UPG, KLO, "Alliance Energy Trade," "AMIC Ukraine," Socar Energy Ukraine. Most delegations were led by top management.

The powerful lineup of companies and the high status of delegates provide a unique opportunity for suppliers of fuel business technology and technologies to present their products directly to the management of market-operating companies.
