

Retail's Best Convenience & Forecourt Partners

Retail's Best Convenience & Forecourt Partners is designed with the retailer at heart, giving a real opportunity to meet with people in a relaxed and informal setting.

Retail's Best is the 'business networking event of the year' for progressive retailers or petrol dealers who are interested in growing their business. Attendance is by invitation only and includes a drinks reception, gala dinner, 'smart exhibition' and private breakout session led by award-winning forecourt retailers Euro Garages, MPK Garages and HKS Group. Retail's Best partners for 2015 include Bestway Direct, Country Choice, Philip Morris International (PMI), P&C Advisory and Tokheim.

It will bring together some of the biggest names in the convenience and forecourt sector to work in partnership in a non-competitive environment. Add to that a high profile guest list of some 100 key independent retailers and forecourt operators plus a 'smart exhibition' with hand-picked exhibitors and Retail's Best has the perfect model for success.

Taking place in the evening, the event includes short breakout-sessions, a drinks reception, signature gourmet dining experience, spectacular entertainment and a 'smart exhibition', with plenty of time for networking.

Our expertise is in creating a relaxed and engaging environment giving guests, partners and exhibitors effortless networking opportunities to socialise, develop closer ties with one another, share ideas, drive innovation and grow their businesses.
