

PetroForum APAC 2018

The 8th PetroForum for Asia Pacific brings together stakeholders across the fuel sector for an exchange of ideas and solutions.

Alongside Thailand, Malaysia, the Philippines, Singapore, Indonesia, Vietnam, Japan and Australia and New Zealand, it now attracts growing support from emerging markets such as Myanmar, Laos, Papua New Guinea and Cambodia. Manufacturers and vendors from all over the world converge to support these fuel retailers on their path to growth.

The two days at Bangkok's newest skyline hotel, the Avani Riverside provides an exciting platform for questions and answers and a place to network, build relationships and meet potential partners. Renowned for its energy and vibe, Bangkok has proved itself the ideal location.
