

NACS Fuels Summit Latin America

The fuels and vehicles landscape is rapidly evolving, and it's critical that you and your company stay informed and engaged as these markets shift.

NACS, joined by the Fuels Institute and Conexus, presents the **Fuels Summit Latin America** - a powerful, new event that will bring together experts from across the fuels and vehicles markets to evaluate how the changing transportation energy sector will ultimately affect Latin American economies.

Through expert-led presentations and panels, plus networking with executives from world-class organizations, participants will take a deep dive into global trends and gain a clear understanding of what lies ahead.

Join us in the exquisite riverside Puerto Madero district in Buenos Aires this November 7 & 8. **Event registration** and **hotel reservations** are open now.

We look forward to seeing you there.
