

## StocExpo Europe 2018

**The world's leading international event for the tank terminal industry.**

StocExpo Europe, consisting of a three-day conference and exhibition, gives visitors the chance to meet industry leaders in tank design, construction and maintenance, as well as innovations in metering & measuring, pumps & valves, automation, loading equipment and inspection & certification services.

Running alongside the three-day exhibition, the world renowned conference provides a unique platform for the global tank storage industry to come together to exchange best practice solutions, review forecasts, discuss how to make the most of opportunities and how to overcome challenges. This year it is CPD certified, and offers panel discussions, with a roundtable format designed to encourage networking and learning.
