

## Iraq Petroleum 2018

Iraq's oil and gas industry is coming together to enhance international cooperation, with a strong commitment from the international energy community to support the country's hydrocarbons sector and re-establish it on the world energy map as the next oil and gas cluster.

Discover the new policies under the visionary leadership of H.E. Jabbar Al Luaibi, Minister of Oil of Iraq for creating favorable investment conditions for businesses to access joint projects with major growth potential in the country. Join us in Berlin on 27-28 February to meet with the leaders of Iraq's energy sector and discuss the new strategies to drive forward its energy industry.
