

## LNG Asia Pacific Congress 2018

Developed in conjunction with the region's senior LNG community, **LNG Asia Pacific Congress 2018** will bring together leaders from key stakeholders. This unique event brings you the latest in pricing, supply and demand balance, contracting strategies, shipping rates, tech developments, reducing cost of LNG project development, up-to-the-minute insights from top buyers in Asia and emerging markets and more.

### Top Reasons to Attend:

- Buyer and End-User presentations on Demand Outlook
- Latest commercial opportunities in LNG Markets & Trading, Terminals and Infrastructure (FSRU and FLNG)
- Exclusive panels on the most pressing issues – Pricing, Contracts, Trading and Bankability
- Unique focus on developing and driving Small-Scale LNG
- Business critical insights and innovative technological solutions
- Interactive formats including dynamic roundtable discussions, panel debates and workshops
