

Petrol PLAZA

OIL&NONOIL 2018

By the time the thirteenth **Oil&nonoil-S&TC exhibition** takes place, it will already be possible to weigh up the first effects of the legislative and market initiatives that are currently changing the fuel distribution network. The strategic choices of retailers are becoming increasingly significant. Veronafiere aims to offer a fair of international standing. There will be meetings, seminars and workshops to deepen the analysis of the issues that most interest operators.

The thirteenth Oil&nonoil-S&TC fair, Italy's only event aimed at operators across the liquid and gaseous fuel supply industry, will be taking place at the **Veronafiere** fairgrounds from **9th to 11th October** this year.

However, the event embraces an even wider area of commercial interest as, from year to year, in a bid to monitor and interpret developments in the field, Oil&nonoil has also focused on energy for mobility and services for motorists.

Tuesday 9th October | 9:00-18:00

Wednesday 10th October | 9:00-18:00

Thursday 11th October | 9:00-17:00

Venue

Veronafiere
Viale del Lavoro 8

 October 9, 2018 - October 11, 2018

 Verona, Italy
