

Petrol PLAZA

Russia and CIS: Oil Products Market 2018

RPI is inviting you to the II International Conference "Russia and CIS: Oil Products Market 2018", which will take place in Moscow on Nov. 30, 2018, Baltschug Kempinski Hotel.

The forum's agenda will include such relevant industry issues as the current state, prospects and drivers of further development of the oil products market; the commodity exchange market; international business practice in the oil products retail sales, trading and logistics sectors; state and development of the non-fuel goods and services market; competitive environment specifics; new technology solutions, and many other topics.

The list of conference invitees includes executives of sales divisions of major Russian and foreign oil and gas companies, owners and executives of independent petrol network chains, oil products transshipment, storage and shipping companies, executives and experts of trading companies, large retail chains, manufacturers and suppliers of equipment for sales infrastructure facilities, as well as representatives of federal regulatory authorities.

To register as a speaker, delegate, sponsor of the Conference or to obtain more information, please contact us.
