

## Vaasa Gas Exchange (VGE) 2019

VGE is an international networking event for energy experts, focusing on gases including natural gas, LNG, biogas (LBG) and other gaseous fuels for the future. At VGE, enterprises will have the opportunity to meet other actors, driving forces and potential partners from Finland and various other parts of the world. In addition, there will also be a topical seminar, company presentations, and an evening and networking function on Wednesday, 20 March 2019.

VGE is organised by University of Vaasa in partnership with Gasum, Merinova, Novia University of Applied Sciences, Stormossen, VAMK University of Applied Sciences, VASEK, Wärtsilä and the Åbo Akademi University, and is part of the Vaasa EnergyWeek event. Vaasa EnergyWeek is an international energy conference consisting of several events.

Vaasa EnergyWeek will be held for the eighth time in 2019 (18 - 21 March 2019). A total of over 4,500 energy experts from various parts of Finland and Europe took part in our events in 2018.

### Price & registration

Companies are accepted to the event in the order of registration. Registration takes place either by telephone or email to Teemu Närvä.
