## 3rd Annual LNG USA Summit

The 3rd Annual LNG USA is coming back to Houston, Texas on February 26-27, 2019. It will take place at the prestigious JW Marriott Houston Downtown hotel that provides an inspiring atmosphere and state-of-the-art technologies for the ultimate event experience.

Following the great success of the previous two events, the 3rd Annual LNG USA Summit has a comprehensive program, covering the LNG industry's most relevant topics and facilitating fruitful discussions. World-renowned experts, LNG buyers and sellers, senior executives and government representatives will be presenting their thoughts and ideas, revealing the best strategies for businesses across the LNG value chain.

Along with a technical conference, the Summit provides an opportunity to discover the latest technologies & innovations on the market at the exhibition. Prominent solution providers will showcase their products and services to an audience of influential decision-makers from leading LNG companies.

Between sessions, attendees will be able to enjoy premium networking and private meetings. The closed-door environment of the Summit will allow for easy access to a number of potential clients and partners for in-depth conversations or even for closing business deals.
