

## Pakistan: Euro Oil opens first site of planned large network

**At the inauguration of the site, Euro Oil directors spoke about the target of reaching 375 gas stations in two years.**

Euro Oil has opened its first site in Pakistan with ambitious plans to become the fifth largest network in two years, reports Pro Pakistan.

The inauguration ceremony took place at the first petrol station at Jahaniyan Khanewal Expressway. The fuel retailer has plans to open 375 stations in Pakistan over the next two years and become a leading player in the market.

Members of the board addressed the media and briefed about their plans to expand to all parts of the country. Chairman Euro Oil Adnan Nasir said that 140 filling stations will be established by June 2020.
