Implico receives ISMS certification in accordance with ISO 27001

ISO 27001 is the leading international standard for information security management systems.

The international software and consulting company Implico is now officially ISMS-certified. The distinction by TÜV Nord confirms that the company's internal processes and regulations comply with the ISO 27001 definitions.

The oil and gas company is officially certified in the areas OpenTAS, iGOS, IT and SAP hosting in accordance with ISO 27001.

"The ISMS certification classifies Implico as a trustworthy partner with whom even sensitive data is in safe hands. We have heaved security at Implico to a new level," says Stephan Buhre, Managing Director at Implico.

ISO 27001 is the leading international standard for information security management systems.
