

Esso customers can now earn Nectar points

Esso joins forces with Nectar to offer customers opportunities to get their hands on hundreds of rewards.

The loyalty landscape is gearing up for major change as Esso joins forces with Nectar, the UK's largest loyalty scheme. From 1 June 2019 customers filling up at participating Esso-branded service stations will now be able to earn Nectar points on their fuel and shop purchases.

The new Esso Nectar partnership is a further step forward in the evolution of the Esso offer, which has already brought improved forecourts, the benefits of Esso Synergy fuels and payment for fuel using the Esso App for an easier onsite experience.

Esso customers can now take full advantage of the Nectar scheme, with 19 million members and hundreds of brands to collect points on.

"We're excited to launch Esso Nectar and increase the ways in which we can reward Esso customers. We believe Nectar's ease of use, flexibility of points collection and redemption makes it an excellent option for Esso customers," comments David Chilton, Esso Global Loyalty Programs Manager.

Esso has more than 1,200 Esso-branded filling stations serving around 800,000 customers each day.
