

US: Zips Car Wash acquires three new locations

The company announced the acquisition of three locations from Blue Iguana Car Wash in Kentucky and Indiana.

With these acquisitions, Zip Car Wash hopes to serve more customers in the Louisville and surrounding areas with additional sites to come.

“We are excited for Jerry Orten’s Blue Iguana team to join our company, along with their successful operations that they’ve worked so hard to build in Kentucky and Indiana,” said Chief Operating Officer Zips Car Wash, Harrison Hemphill. “We’re a growing brand that’s trying to empower our front-line difference makers through our offerings for budget-minded shoppers, convenience shoppers and vehicle fanatics,” said Hemphill.

Zips now operates 3 locations in Louisville, all of which are located on Dixie Highway, an added convenience for loyal Zips fans. Zips also has plans to open in Bowling Green in early July and just recently opened a brand-new store in Owensboro, KY.
