

## Ireland: Europcar partners with Circle K for discounts

**New partnership will provide discounts on fuel, drinks, food and other services across Ireland.**

Europcar, Europe's largest car rental company, has teamed up with Circle K, the leading fuel and convenience retailer in Ireland and internationally in a deal that will entitle Europcar drivers to significant deductions on fuel and other commodities.

Europcar drivers can take advantage of a 3 cent per litre discount on fuel as well as discounts on a range of products including a 20% discount on teas/coffees, 10% on all hot and deli food, 30% off all car washes and 10% off lubricants and packed AdBlue at all of Circle K's 160 company owned service stations in Ireland.

"We are delighted to be partnering with Circle K to offer Europcar drivers exclusive discounts, which will help to reduce the cost of motoring for our customers," said Managing Director of Europcar Mobility Group Ireland, Colm Brady.

Europcar customers can avail of these discounts using the Circle K card attached to the keys of all Europcar vehicles, which will be scanned in store to activate the discounts.
