Dyneff Spain has renewed the image of its service stations located in La Junquera (Gerona) and Rivabellosa (Álava), which showed Grupo Rompetrol's brand flag for over 10 years.

With this move, Dyneff España has also redesigned the fuel card for customers. The "Fill and Go" card will now be renamed "Dyneff Card".

Dyneff has more than 150 service stations in France, located in urban areas and motorways.
