

ADNOC launches campaign to provide free fuel assistance

Through the ADNOC Wallet, 'Hello Summer' will help customers in the month of July and August.

Abu Dhabi National Oil Company (ADNOC) Distribution launched a 'Hello Summer' campaign, availing customers through the ADNOC Wallet in the month of July and August, between 11 am to 5 pm.

Non-ADNOC customers will be required to sign up. The ADNOC Wallet will include assistance by an attendant, free of charge, at sites across the nation.

ADNOC Wallet enables customers to pay securely for their fuel at any ADNOC Distribution site. The account holder is required to credit the wallet with a specific amount and then pay using their Emirates ID or other tokens at the pump. Available through the ADNOC Distribution app, and the website, the wallet can be used to pay for car wash, ADNOC Lube and C-Store purchases.

"We are always looking for ways to engage our customers and exceed their expectations; whether they visit our forecourt, enjoy our enhanced retail offering or take advantage of one of our world-class payment technologies like ADNOC Wallet, we want it to be the best experience every time", said ADNOC Distribution acting CEO, Saeed Mubarak Al Rashdi.
