

## Lovegrove Electrical to distribute PDQ car wash equipment in Western Australia

**PDQ Manufacturing, Inc., part of OPW Vehicle Wash Systems, has announced a new distributor for the state of Western Australia.**

Lovegrove Electrical, located near Perth, WA, has agreed to acquire the PDQ vehicle wash equipment distribution business from PDQ's former WA distributor, Carwash Spares and Repairs, along with related lines.

Lovegrove Electrical is a large, family-owned, multidiscipline contracting company delivering 'complete confidence' via its end-to-end solutions within the commercial, industrial, petroleum, LPG, solar and carwash industries.

"Lovegrove's wide array of capabilities will tremendously strengthen PDQ's distribution capabilities in Western Australia, especially in the fuels segment. Chris Read, owner of our former distributor Carwash Spares and Repairs, leaves a strong legacy of superior customer satisfaction for Lovegrove to build upon," said Rob Lewis, PDQ's International Sales Manager.

PDQ is a leading supplier of vehicle wash equipment, selling globally through independent distribution.
