Bosnia's Hifa Petrol adds one site

With the addition of the 37th filling station to its network, Hifa Petrol increased its workforce to over 400 employees.

Bosnian oil products distributor Hifa Petrol announced last week the opening of a filling station in Posusje, 150 kilometres south of Sarajevo.

"Hifa Petrol continues with the implementation of the planned investments. By opening the 37th filling station we have expanded our retail network and we won't stop there," said Alma Guberinic, Hifa's marketing manager.

The financial details about its construction were not disclosed.
