**Petrol Sign, a division of MSI Plc., is a specialist in the supply and installation of signage materials for petrol stations since 2002.**

Petrol Sign b.v. has announced the acquisition of the division of price-display units from SCHAUF GmbH, a German based provider of price display units for filling stations.

Petrol Sign, a division of MSI Plc., is a specialist in the supply and installation of signage materials for petrol stations since 2002. With a comprehensive service organization, Petrol Sign supplies its services and products to various clients, including Esso, BP, Shell, Avia, Texaco and many others. Petrol Sign currently operates in twelve countries and has offices in Germany, UK and The Netherlands.

SCHAUF GmbH provides solutions for control and display systems. SCHAUF GmbH has more than 30 years of experience in the development and manufacturing of hardware and software components in the areas of traffic control systems, passenger guidance systems, industrial displays, gasoline price displays, sports displays and time systems.

Petrol Sign's Eelco Lambooj is confident that the business activities of price displays units will fit in extremely well.
