

Petrol PLAZA

Dover Fueling Solutions to showcase all leading product brands at PEI Convention

Dover Fueling Solutions (“DFS”), a part of Dover Corporation that delivers advanced fuel dispensing equipment, electronic systems and payment, fleet systems, automatic tank gauging and wetstock management, is pleased to announce it will return once again to the Petroleum Equipment Institute Convention (“PEI Convention”) at the National Association of Convenience Stores Trade Show (“NACS Show”) in Atlanta, Georgia, October 1-4, 2019. The business plans to showcase all its industry-leading product brands under one stand for the first time in North America.

In DFS’ booth #4611 visitors can expect to see a wide range of products and solutions representing DFS’ product brands Wayne Fueling Systems (“Wayne”), ClearView, Fairbanks, OPW Fuel Management Systems (“OPW FMS”), ProGauge, and Tokheim. Among the products and solutions shown will include a first look at DFS’ next generation fuel dispenser.

Also showcased will be the new DFS SaaS (software as a service) Solution, which, as part of a [recently announced strategic partnership with Microsoft](#), features the Microsoft Azure-based [iSense™ remote monitoring and management solution powered by Dover Fueling Solutions](#). Read a newly released customer story, produced by Microsoft, noting how DFS, using Windows 10 IoT Enterprise, Azure IoT Hub, and Stream Analytics, delivers personalized experiences at the dispenser by clicking [here](#).

“We are thrilled to continue our participation in the PEI Convention at the NACS Show this year in Atlanta,” said DFS Vice President and General Manager of North America, Kendra Keller. “The show is always a wonderful opportunity for us to reconnect with so many of our customers under one roof and showcase a lot of our new technology.”
