

Spar Netherlands opens 150th Express Store in Utrecht

SPAR Netherlands has welcomed its 150th SPAR Express store - a real milestone marking the fast expansion of the SPAR Brand in the convenience sector in the country.

Since opening its first SPAR Express forecourt store at the end of 2017, SPAR Netherlands has rolled out two stores per week on average. The intention is to continue this rapid rate of expansion, with 50 more new stores in the planning. These too will be located at Texaco and Esso forecourts along the country's highways and provincial roads, as well as in small towns and major cities.

The 150th SPAR Express store is located in Eemnes in the province of Utrecht, and offers customers a wide choice of convenient solutions in terms of food and drinks. For shoppers looking for a delicious snack for direct consumption, the store offers freshly bakery products, ranging from sandwiches prepared at the counter, crispy biscuits, pizza, pancakes, as well as refreshing smoothies and yoghurts.
